

Kite Snack Art

What You Need:

Orange/grapefruit/kiwi slices

Thinly sliced veggie sticks

Grapes

Knife (adult supervision required)

Paper plates

What You Do:

Cut oranges, grapefruit and kiwi in thin to medium slices. Quarter the slices. Cut grapes in half. Each child receives a paper plate with grapes, orange slices and veggie sticks. Children arrange their orange, grapefruit and kiwi slices into a kite shape (encourage them to be creative – there are many different shapes of kites). The veggie sticks and grapes make the tail.
